President Hands Out a Letter From St. Louis Man on Creek Indian Fraud Charges.

Haskell's statement in his letter of Sept. 30, regarding the latter's connection perfect that it is entirely misleading. The text of the letter follows:

"Dear Mr. President: I notice in Gov. Haskell's letter of date Sept. 30 the following statement:

as to certain government town site lots in one of nearly 11,000 suits that you have had brought against as many ferent honorable and high minded citizens of this State during this Presidemial campaign year, and you will not for the purpose of Republicanizing about 20,000 Indian voters was your sole motive for having those suits brought; and I charge you with knowing that there has been no delay in these cases, except that occasioned by the courts' deliberations, taken by himself as time he deemed necessary to consider whether tion filed by your attorney.'

The above statement regarding the Body Supposed in Ruins.

The above statement regarding the town site suits is so imperfect that it is entirely misleading. All those suits in which Gov.
